College of Alberta Denturists

MISSION STATEMENT

Governing the profession of Denturism in the Province of Alberta, the College of Alberta Denturists strives to ensure that Albertans will receive ethical, professional and safe denturist services.

A. Presidents Report for 2007

On behalf of the Council of the College of Alberta Denturists, I am pleased to provide our Annual Report of College Activities for the calendar year 2007, as required pursuant to Section 4, of the Health Professions Act.

The following is a report of the activities which required the consideration of the President and the Council in 2007.

A reflection of administrative competency within the College can, in part, be measured by the number of Council meetings necessary throughout the year. In 2007, the number of physical meetings was less than it has been historically; this due to more items being conducted electronically and due to the College administration having adequate processes in place.

This was the final year for the appointment of the two public members on Council. The Council considered the matter and put forth a request to the Minister, to have the two public members reappointed for another three-year term; the Council is pleased that the Minister of Health & Wellness has reappointed Dr. Garnet Cummings and Mr. Harold Quilliam for an additional three-year term.

In June, the College held its Annual General Meeting of Members, where elections for two regulated member Council positions were available. Mr. Wade Klimpke and I were re-elected to the Council for an additional two-year term.

As per usual, various housekeeping issues were attended to by the Council including review and revision of College policies, appointments of regulated members as Chairs of various committees, and addressing fees for registration, membership and practice permits. The Council determined that the current fee rates were acceptable, and no increase was required.

There was a requirement for a response from the College with respect to the issues on Universal Precautions, Infection Control and Prevention; this in response to the issues related to the Vegreville Hospital matter. The College's Registrar and Council generated some necessary policies to address requirements for the members, and new/updated guidelines are being created for the members.

The Council continued to review and address draft amendments to Denturists Profession Regulation, and we are now anxiously awaiting government approval of the final recommended amendments.

Another branch of the Government required the President's and the College's Registrar's time this year; that being the Alberta Ombudsman. A couple of matters related to disciplinary issues have required ongoing communication with Mr. Button, to achieve a mutual understanding of the cases in question, processes which were utilized pursuant to the Health Professions Act, the College's interpretation of the Act as compare to the Ombudsman's, and to address some issues to maintain good relations. The College has implemented some changes to address letter templates utilized by the College, for the administrative processes. We have found the interactions with the Ombudsman to have "tightened" our administrative processes.

As the College proceeds into our sixth year of regulation, we are hopeful for a continued smooth administration of the Denturist Profession in Alberta.

Respectfully submitted,

Jody Nelson, DD
President

College Council June 2007 – Current

(Left to Right) Wade Klimpke, Jody Nelson, Suzy Shigeta, Harold Quilliam (Public Member), Garnet Cummings (Public Member), Carissa Eyben, Steven Sailer.

D. College of Alberta Denturists Structure

The College of Alberta Denturists is the Regulatory Body for the Profession of Denturists in Alberta. The following flowchart provides indication of the Structure of the College.

E. Complaints Director Annual Report - 2007

I am pleased to advise that in 2007 there was again a decrease in the number of accepted complaints as compared to 2006.

The majority of valid complaints continues to be received from patients of the providing practitioner and is regarding complete denture services.

Of the files dismissed in 2007, there were no requests for a review of the dismissal of their complaint by a Complaint Review Committee (CRC).

The following chart provides the statistical information of the complaint process as at December 31, 2007:

	Grand Totals	2002	2003	2004	2005	2006	2007
Total Number of Complaints Accepted	306	30	56	46	65	55	54
Total Number of Practitioners with Complaints	239	29	46	40	50	42	45
Total Number of Complaints Not Accepted	78	0	6	5	17	24	26
Total Resubmitted and Accepted	30	0	3	2	11	5	9
Complaint Source (complaints may come from more than one source)							
Patient	247	26	47	42	43	46	43
Insurance Company	4	1	1	1	0	0	1
Practitioner	6	1	3	1	1	0	0

Historical Percentage of Files Investigated	18.6 %						
Historical Percentage of Investigation Files Dismissed	45.6 %						
Historical Percentage of all Files Dismissed	37.6 %						

Continued on next page

I do not arbitrarily accept or not accept a letter as a complaint; a letter is not accepted when it is noncompliant with the requirements as indicated in Section 54 of the *Health Professions Act*.

In such a case, I return the letter to the submitter and further, I provide clarification as to why the letter has not been accepted, what corrections need to be done in order for it to be accepted, inform them that they can resubmit with the corrections, explain the complaint resolution process and finally, suggest they consider contacting the providing practitioner to address their concerns directly before resubmitting the letter of complaint.

It is commonplace that once a practitioner has been advised that the College has received a complaint regarding them, that the practitioner indicates that they were unaware that there were any issues/problems occurring with the complainant.

As such, recommending to the submitter of an unaccepted letter, to return to the practitioner to discuss their issues, is a viable “unwritten” action, which allows for the practitioner to address concerns before the formal complaint process. This can also maintain the integrity of the practitioner-patient relationship and expedite a solution to the complainant’s concerns regarding the treatment they have received from the practitioner.

This year the College of Alberta Denturists addressed some matters with the Alberta Ombudsman, which has resulted in his recommendations for some changes to wording in our letter templates. With respect to the Complaints Director’s letters, I have incorporated defining language regarding unprofessional conduct in that I now cite applicable legislative definitions from Section 1(1)(pp)(i-xii), and further, explain how the conduct of the member has, or has not, shown evidence of said unprofessional conduct.

This will hopefully not only assist the public, but also the regulated members, in understanding what has transpired and how the decisions were made regarding a complaint.

Respectfully submitted,

F. Charles Gulley, DD, F.C.A.D.
Complaints Director

F. Conference Planning Committee Annual Report –2007

The main function of the Conference Planning Committee is to plan, arrange and execute the annual conference, which includes the Educational Symposium, Annual General Meeting, and the Annual Golf Tournament. Extra social events are added each year with varying attendance rates. The Committee is composed of three Regulated Members: Mr. Sid Pura, Mr. Troy Thompson and I, Mr. Blaine Cassios, the appointed Chairperson.

The 2007 Annual General Meeting, Conference and Educational Symposium was held in Jasper, Alberta, at the Fairmont Jasper Park Lodge. As we have attempted each year, there were three scheduled days of continuing education seminars and a half-day allotted for our Annual General Meeting. Up to this point, we have established a good relationship with a number of suppliers who help defer the cost of our convention with their display table payments. We are always open to suggestions as to potential lecturers. This year we added Mr. Brent Bullis, a financial consultant, and his contribution was well received.

A small financial glitch was encountered with the Fairmont Jasper Park Lodge, as we were required to guarantee a block of rooms. We failed to reach the expected quota, as some members chose to stay at other locations. These projected numbers were chosen based on previous participation of members at earlier conventions. This discrepancy had to be addressed by the Committee/College. In the past, other hotels/convention facilities have not required such strict guarantees.

Plans for the 2008 Convention are well under way. The dates are June 11th-14th. We are returning to Panorama, British Columbia, largely due to positive feedback from members. The accommodations are of high quality at a lower cost. There is a wide variety of golf and other activity options in the area.

It remains the intention of the Committee to continue with the four-day conference format. This allows the members to access at least twenty hours of accredited, continuing competency hours at a reasonable cost.

We hope you enjoyed Convention 2007 and we anticipate a good turnout at Convention 2008.

Many thanks to Charles Gulley, Lorrie Rees and the College office secretary Wendy, for their invaluable contributions each year.

Blaine Cassios, DD
Conference Planning Committee Chairperson

G. Examination Committee Annual Report- 2007

The Examination Committee is composed of regulated members Kim Bisgrove, Kevin Cho, Chris Duncan, Tony Ivcevic, Misty Norton, Kevin Rapske, Michael Weiss, and I, Michael Thomas, as the appointed Chairperson.

As always, the Committee had ongoing reviews of policies applicable to our duties, and made recommendations to Council where necessary. As well, forms and examination evaluation guides were reviewed and updated as necessary.

In 2007, the formats for the examinations required for registration as a regulated member, were continued from previous years formats; this being broken down into three components. The exams are entitled Denturist Qualifying Examinations (DQE), DQE I, DQE II, and DQE III.

DQE I examines on the theoretical components of the profession; DQEI examines on the design of an upper and lower removable partial denture; and DQE III, is a practical examination on a live patient who is fully edentulous, where the candidate is required to assess, diagnosis, fit and fabricate an upper and lower complete denture for the patient, within the two and one-half day examination.

The DQE I & DQE II examinations were conducted twice in 2007; in January, one intern member challenged the DQE I and DQE II examinations and was successful; in September, there were two intern members and one foreign applicant who challenged the DQE I and DQE II examinations. Both intern members were successful in the examinations; however, the foreign applicant was not successful in either of the examinations.

The DQE III Examination was conducted once in 2007; in June, fourteen intern members challenged the DQE III examination, and 11 were successful.

2007 saw a change in the NAIT Denturist program. For those students entering the program in September; the program changed from a two year program, (followed by a College controlled two-year Internship) to a three year program with no Internship component upon graduation. This left the graduates from June 2007, that were initially enrolled in a two-year program, having to select whether they wished to enter into a two-year Internship or to continue into the third year of the program. All of these individuals chose to enroll into the third year at NAIT.

With the NAIT three-year program now underway, and much Committee discussion regarding the new examination processes used today in other professions, it was determined by the Committee that the current protocol of examinations should be updated; as such we are in the process of developing new examinations and formats.

One of the formats being developed is an Objectively Structured Competency Examination (OSCE). The Committee felt that this method of examination process would allow for a better examination of the profession's Restricted Activities authorization.

As such, the College entered into an agreement with Dr. Dwight Harley from The University of Alberta Psychometrics Department, to aid in the development and verification of the OSCE's and other examination processes.

The Committee had numerous meetings this year for the development of the new examinations, and many individual hours has gone into the development of the OSCE's which is intended to replace the current DQE III examination. We are hopeful to have the new examination processes completed, approved by Council, and functioning in 2008.

Michael Thomas, DD
Examination Committee Chairperson

H. Fee Guide Development and Negotiation Committee- 2007

This Committee has been approved by the Minister of Health and Wellness, and it operates at “arms length” to the College.

The composition of the Committee is made up of three elected Regulated Members of the College. The current Committee consists of Rodney Laliberte, Tricia Pitchford, and I, Mike Hansen as the Chair.

In 2007, the Committee finalized the Recommended Fee Guide for 2008 which reflected an increase of 5% from the current guide; this to address inflation, operating and material costs.

As well, the Committee met with representatives from the Denturist Association of Canada (DAC); this being the voluntary practitioner-based national organization for the profession. The purpose of meeting with them was to discuss the possibility/feasibility of Alberta changing our treatment codes from the currently used Uniform System of Coding (USC), to the DAC codes which are utilized by denturists in all other jurisdictions in Canada. Alberta remains using USC codes as these are nationally utilized by the other dental professions and we have been using them for many years.

We are considering changing to the DAC coding primarily for the purpose of allowing Alberta denturists to utilize the electronic billing processes, and for denturists in Canada, the DAC’s program (DACNet) is the currently utilized electronic system for claim submission to insurers, and it requires use of the DAC codes.

The Committee also met with the Alberta Government, Seniors and Community Supports Ministry to discuss the Dental Assistance for Seniors Program, to address concerns from the profession regarding the program and to provide our recommended changes to the programs. We anticipate hearing the results of this meeting, in early 2008.

As well, we met with Alberta Blue Cross and an agreement was reached for a 5% increase in their Fee Schedule for denturist services for their clients. Additionally, the issue of electronic billing was discussed with them, and this will be an ongoing matter next year.

Finally, the Committee will be addressing in early 2008, matters related to the contract and fees, with the Alberta Workers’ Compensation Board.

Mike R. Hansen, DD
Fee Guide Development and Negotiation Committee Chair

I. Hearings Director Annual Report - 2007

The College of Alberta Denturists completed four (4) Hearing Tribunal Hearings in 2007. The following provides the findings and orders to be published as per the Tribunal's Orders.

1. Hearing Number One: (Regulated Member Name not to be disclosed)

FINDINGS

Submitted Admission of Unprofessional Conduct by the Member for six of the listed seven charges and after consideration of all the evidence, the Hearing Tribunal determined that <> is guilty of Unprofessional Conduct of the six remaining charges contrary to the Health Professions Act of Alberta and the College of Alberta Denturists Code of Ethics and the College of Alberta Denturists Standards of Practice for matters related to the ending of a patient-practitioner relationship, matters related to inappropriate billing, matters related to treatment planning, failure to make an appropriate referral and incomplete patient charting.

- A.** On or about the months of <> through and including <>, the failure to comply with Sections 1(1)(pp)(i) and 1(1)(pp)(ii) of the Health Professions Act and/or by contravention of the College of Alberta Denturists Code of Ethics and/or the College of Alberta Denturists Standards of Practice for the following charges:
1. By not providing adequate notice to on-going patients upon terminating provision of services at <> (including breach of Code of Ethics-1 and 15 and Standards of Practice-Ending a Patient-Practitioner Relationship).
 2. By not providing alternative treatment plans for patient's consideration (including breach of Code of Ethics-9 and Standards of Practice-Treatment Planning).
 3. By failing to appropriately record and maintain adequate patient records including breach of Code of Ethics-22 and Standards of Practice-Principles of Business).
 4. By failing to follow appropriate procedures in the provision of removable partial denture treatments (including breach of Code of Ethics-4 and Standards of Practice-Dental Prosthetic Service and Standards of Practice-Patient Management) by:
 - (a) failing to survey and design removable partial denture frameworks.
 - (b) failing to make appropriate referrals of patients to other health care providers for assessment and/or restoration of natural dentition prior to providing removable partial denture treatment(s).
 5. Breach of the Code of Ethics-7 and 27 and Standards of Practice-Responsibilities, by virtue of the charges listed herein.
- B** Failure to comply with Section 1(1)(pp)(vii), Section 1(1)(pp)(xii) and Section 63 of the Health Professions Act, for the following charge:
6. Providing false or misleading information to an Investigator appointed pursuant to Part 4 of the Health Professions Act, on or about the date of <>, specifically, statements pertaining to charting of examination findings, diagnosis, treatment plans, prognosis, and statements regarding the charting of timely and accurate progress notes for all procedures provided to patients at <>.

ORDERS

1. The admission of unprofessional conduct by <> and the hearing tribunal finding of unprofessional conduct concerning <> will be permanently placed on the regulated member register with the College.
2. On or before <>, and at <> own cost, <> will successfully complete the following courses at the Northern Alberta Institute of Technology ("NAIT"):
 - i) Patient Clinical Records – NAIT IDE 301;
 - ii) Treatment Planning for Removable Prosthodontics – NAIT 302;
 - iii) Surveying for Removable Partial Dentures – NAIT 303; and
 - iv) Evidence Based Approach for Removable Partial Dentures – NAIT IDE 304 (the "Courses") and <> will provide written confirmation to the College on or before <> of successfully completing the Courses. Furthermore, the Courses will not be credited or in any way applied towards <> continuing competency requirements as prescribed pursuant to the *Health Professions Act* and the Denturist Profession Regulation enacted here under.

Continued on next page

In the event that, due to circumstances beyond <> control, one of more of the Courses cannot be completed on or before <>, <> must immediately notify the College's Registrar of that in writing and the Registrar shall in his sole and independent discretion but acting reasonably and after reasonable consultation with <> select an alternate substantially similar course or courses for successful completion by <> to satisfy this order no. 2 and the Registrar may, if necessary, and having regard to all circumstances, extend the time for completion of any alternate courses for a reasonable period beyond <>.

3. <> will pay the costs of the investigation and hearing in the amount of \$2000.00. The College's Registrar may agree to reasonable time payment of such costs without interest provided that if <> defaults with respect to a payment the College may immediately cancel <> practice permit without the necessity of a further hearing.
4. The Registrar, or designate, shall conduct a practice visit within six (6) months of the date of issuing this order as well as within six (6) months of completion of the Courses to determine if <> is practicing acceptable protocols for the treatment of partial dentures. The cost of these practice visits shall be at <> expense and in the event that <> procedures are found to be unsatisfactory in the opinion of the Complaints Director; the Complaints Director shall have the discretion to refer the matter to a Hearing Tribunal.
5. In the event that <> breaches any of the above orders, the College may immediately and without the necessity of a further hearing immediately cancel <> practice permit.
Subject only to the second sentence in this paragraph, there shall be no publication of <> name and no publication of the hearing tribunal's findings and orders other than a generic and anonymous publication of those matters in the College newsletter and a report at the College's annual general meeting and the College's website inasmuch as the disclosure appears in publications posted to the website, and in the College's annual report to government. The findings and orders of this hearing tribunal will only be disclosed pursuant to the *Health Professions Act* or as may otherwise be required by law.

2. Hearing Number Two: (Regulated Member Name not to be disclosed)

FINDINGS

Submitted Admission of Unprofessional Conduct by the Member for the listed charges and after consideration of all the evidence, the Hearing Tribunal determined that <> is guilty of Unprofessional Conduct of the listed charges contrary to the Health Professions Act of Alberta and the College of Alberta Denturists Code of Ethics and the College of Alberta Denturists Standards of Practice for matters related to inappropriate billing and incomplete patient charting.

1. On or about the months of <> through and including <>, the failure to comply with <> Sections 1(1)(pp)(i) and 1(1)(pp)(ii) of the Health Professions Act and/or by contravention of the College of Alberta Denturists Code of Ethics and/or the College of Alberta Denturists Standards of Practice for the following charges:
 - A. By submission of inappropriate claims to a patient's insurance provider (including breach of Code of Ethics-2 & 7), specifically, for a <> whereby <> submitted service codes which were not the service codes for the procedures provided to <> and
 - B. By failing to appropriately record and maintain adequate patient records (including breach of Code of Ethics-22 and Standards of Practice-Principles of Business).

ORDERS

1. The admission of unprofessional conduct by <> and the hearing tribunal finding of unprofessional conduct concerning <> will be permanently placed on the regulated member register with the College.
2. On or before <>, and at <> own cost, <> will successfully complete the following courses at the Northern Alberta Institute of Technology ("NAIT"):
 - i) Patient Clinical Records — NAIT IDE 301; and
 - ii) Treatment Planning for Removable Prosthodontics — NAIT 302 (the "Courses") and <> will provide written confirmation to the College on or before <> of successfully completing the Courses. Furthermore, the Courses will not be credited or in any way applied towards <> continuing competency requirements as prescribed pursuant to the Health Professions Act and the Denturist Profession Regulation enacted there under.

Continued on next page

In the event that, due to circumstances beyond <> control, one of more of the Courses cannot be completed on or before <>, <> must immediately notify the College's Registrar of that in writing and the Registrar shall in his sole

and independent discretion but acting reasonably and after reasonable consultation with <>, select an alternate substantially similar course or courses for successful completion by <.> to satisfy this order no. 2 and the Registrar may, if necessary, and having regard to all circumstances, extend the time for completion of any alternate courses for a reasonable period beyond <>.

3. <> will pay the costs of the investigation and hearing in the amount of \$3000.00. The College's Registrar may agree to reasonable time payment of such costs without interest provided that if <> defaults with respect to a payment the College may immediately cancel <> practice permit without the necessity of a further hearing.
4. The Hearing Tribunal will issue a letter (Appendix "A") cautioning <> regarding avoiding inappropriate billing.

Appendix A:

Dear <>:

Re: Complaint of Unprofessional Conduct

On behalf of the Hearing Tribunal Hearing members who attended your disciplinary hearing <>, I am writing to provide you with some observations of the Tribunal as a caution to you in the event you continue what is clearly inappropriate business practices on your part.

The Tribunal noted that your charts indicated specified procedures or services provided to a patient yet Blue Cross, the insurance carrier affected by those procedures or services, was provided with conflicting invoice information by you as to what procedures or services you provided. The Tribunal also noted that you may not realize the necessity to refund an insurance provider rather than a client in those instances when an insurance provider has been invoiced, has paid you for services rendered, and when a refund is determined to be required.

The Tribunal expects this letter will serve as a caution to you to ensure that your billing practices are consistent with the requirements of the Insurance industry, the College of Alberta Denturists and standard accepted business practices.

5. In the event that <> breaches any of the above orders, the College may immediately and without the necessity of a further hearing immediately cancel <> practice permit.

Subject only to the second sentence in this paragraph, there shall be no publication of <> name and no publication of the hearing tribunal's findings and orders other than a generic and anonymous publication of those matters in the College newsletter and a report at the College's annual general meeting and the College's website inasmuch as the disclosure appears in publications posted to the website, and in the College's annual report to government. The findings and orders of this hearing tribunal will only be disclosed pursuant to the Health Professions Act or as may otherwise be required by law.

3. Hearing Number Three: (Regulated Member Name not to be disclosed)

FINDINGS

Submitted Admission of Unprofessional Conduct by the Member of the charges and after consideration of all the evidence, the Hearing Tribunal determined that <> is guilty of Unprofessional Conduct of the charges contrary to the Health Professions Act of Alberta and the College of Alberta Denturists Code of Ethics and the College of Alberta Denturists Standards of Practice for matters related to the provision of dentures.

1. The contravention of the Health Professions Act Sections 1(1)(pp)(i), 1(1)(pp)(ii) and 1(1)(pp)(xii) and the College's Code of Ethics, Section 5 (practice the profession competently), by the provision of denturist services to a patient on or about the months of <> through and including <>, specifically, <>, and the provision of a maxillary complete denture and a mandibular completed denture, which did not meet the applicable clinical and technical standards of the profession of denturism in Alberta.

Continued on next page

ORDERS

1. The admission of unprofessional conduct by <> and the hearing tribunal finding of unprofessional conduct concerning <> will be permanently placed on the regulated member register with the College.
2. On or before <>, and at <> own cost <> will successfully complete the following course at the Northern Alberta Institute of Technology ("NAIT"):
 - (i) Complete Denture Set-Up Review Course - NAIT DHS 500, (the Course) and <> will provide written confirmation to the College on or before <> of successfully completing the Course. Furthermore, the Course will not be credited or in any way applied towards <> continuing competency requirements as prescribed pursuant to the Health Professions Act and the Denturist Profession Regulation enacted there under.

In the event that, due to circumstances beyond <> control, the Course cannot be completed on or before <>, <> must immediately notify the College's Registrar of that in writing and the Registrar shall in his sole and independent discretion but acting reasonably and after reasonable consultation with <>, select an alternate substantially similar course for successful completion by <> to satisfy this order no. 2 and the Registrar may, if necessary, and having regard to all circumstances, extend the time for completion of any alternate courses for a reasonable period beyond <>.
3. <> will pay the costs of the investigation and hearing in the amount of \$1,500.00. The College's Registrar may agree to reasonable time payment of such costs without interest provided that if <> defaults with respect to a payment the College may immediately cancel <> practice permit without the necessity of a further hearing.
4. <> shall reimburse and pay <> the amount of \$740.80 which represents the monies <.> was paid by <> for professional services provided to <.> (the amount of \$740.80 being 40% of the gross billing of \$1,852.00 regarding certain treatment received by <>).
5. In the event that <> breaches any of the above orders, the College may immediately and without the necessity of a further hearing immediately cancel <> practice permit.

Subject only to the second sentence in this paragraph, there shall be no publication of <> name and no publication of the hearing tribunal's findings and orders other than a generic and anonymous publication of those matters in the College newsletter and a report at the College's annual general meeting and/or on the College's website inasmuch as the disclosure appears in publications posted to the website, and in the College's annual report to government. The findings and orders of this hearing tribunal will only be disclosed pursuant to the Health Professions Act or as may otherwise be required by law.

4. Hearing Number Four

A Hearing Tribunal of the College of Alberta Denturists under the authority of the Health Professions Act of Alberta (the "Act") met in 2007 to review all evidence to determine whether a Regulated Member is guilty of unprofessional conduct in respect to seven charges related to the contravention of Section 1(1)(pp)(ii) of the Health Professions Act, Section 1(1)(pp)(xii) of the Health Professions Act, and the College of Alberta Denturists Code of Ethics Item #7.

Note: **As of December 31, 2007 a written decision has not been issued by the Hearing Tribunal**

Lorrie Rees
Hearings Director

J. Registration Committee Report- 2007

The Registration Committee is comprised of three Regulated Members; Mr. Dennis Baird, Mr. Darron Ward, and myself Mr. Geoffrey Haiden as the Chair.

The Committee physically met twice in 2007; however, a good deal of our work was done by email.

A great deal of our time was taken with reviewing undertaking documents to address various applicants' requirements in order for them to register as a Regulated Member.

Additionally, we addressed several Reinstatement applications and Equivalent Jurisdiction applications.

This year there were several appeals regarding Regulated Members submitted continuing competency hours, and what was accredited. The appeals dealt with submissions of courses which were not in the current reporting period, which by the Continuing Competency Rules, our Registrar does not consider for accreditation in the current reporting period. The Committee accepted the appeals however, the applicants were advised that this was a one-time acceptance and that in the future, they must submit the courses in the same calendar year that they were completed in; this as per the Rules.

This year the Registration Committee was required to conduct a review of a Regulated Member's charting and billing procedures. This was subsequent to, and as directed in, a Hearing Tribunal's Decision and Orders regarding the Member's conduct. This was a daunting task and is ongoing.

As well, we continued to review reports which were required to be submitted by a Health Care Professional regarding a Regulated Member, and as required in an Undertaking Document signed by that Member. This is an ongoing procedure with this particular Member, for a couple more years.

We received a report from the Registrar regarding the decision from the Alberta Ombudsman regarding his investigation into a reinstatement application from a former Regulated Member.

This former member was registered with Professions & Occupations under the old Dental Mechanics Act, and had not practice for a significant number of years. Upon the College becoming the regulatory body, they made application for "reinstatement" and the Committee had initially placed conditions onto the Member's Practice Permit, and this individual did not meet those conditions. Subsequently, their Registration and Practice Permit was cancelled. The individual then may a second application for reinstatement and the Committee deferred the matter until the individual executed an Undertaking Document to address procedures that needed to be completed in order for them to be reinstated and issued with a Practice Permit.

The individual chose not to agree to the conditions indicated in the Undertaking Document, and subsequently submitted a letter of complaint to the Ombudsman. The end result of this process was that the Ombudsman determined the process that was used by the Registration Committee was fair. He did, however, have some recommendations regarding the College's Bylaws and some suggestions for wording in our letters to be used in the future.

The Council had requested the Committee to determine if there was a need to create different specialties categories within the profession. The Committee determined that at this time, it was not necessary.

Geoffrey Haiden, DD
Registration Committee Chair

K. Registrar's Report - 2007

The following report provides a summary of key issues that I have addressed in 2007 as well as statistics related to registration with the College of Alberta Denturists.

Alberta Ombudsman

I have had the responsibility of addressing several matters with the Alberta Ombudsman with respect to complaints which had been submitted to, and subsequently investigated, Mr. Gordon Button.

The College's president, Mr. Jody Nelson, had delegated the responsibility to me, of responding to the Ombudsman as I was privy to what transpired with respect to the matters. Some of the matters are carried over from 2006, and some will continue into 2008. These investigations by the Ombudsman relate to matters of complaint resolution processes and registration processes utilized by the College.

The largest and ongoing matter, relates to a complaint which was dismissed by the Complaints Director, subsequently requested and reviewed by a Complaint Review Committee (CRC), which upheld the dismissal by the Complaints Director, and then the complainant forwarded the matter to the Ombudsman. It is his position that the CRC did not follow the course of "natural justice" when reviewing the matter as the complainant had submitted new information; he is of the position that the CRC should have referred the matter back to the Complaints Director for investigation due to the new information. Further, he is of the opinion that the Complaints Director conducted an investigation of this matter and it was not addressed properly. The Complaints Director does not agree with the Ombudsman's position on that matter, and it is the Complaints Director's position that the procedures as outlined in the HPA were followed correctly.

Both myself and the College's legal counsel, Mr. Blair Maxston, met with Mr. Button and discussed in depth various issues, with the end result of one matter being returned to the Hearings Director for referral back to the CRC for re-evaluation.

The interactions with the Ombudsman have not been totally without merit. We have made some changes to wording and definitions of matters contained in our letter templates to address matters of registration, complaints, CRC and HTH decisions, which provide clearer language and provide additional supporting information regarding decisions.

TILMA

This year, I have been involved in several meetings with Alberta Health & Wellness (AH&W) in conjunction with the British Columbia counterpart and the College of Denturists of British Columbia, to address TILMA – the Alberta/BC "Trade, Investment & Labor Mobility Agreement".

This matter has required that we address the differences in the profession between the provinces, and explain what processes are required for individuals in the profession, to move between the provinces. This remains ongoing as we have provided the government departments with information for their consideration. AH&W is of the position that our profession does not need to be included in the TILMA agreement, as we have appropriate processes in place for labor mobility; however, the BC government representatives are not yet of the same opinion.

The College of Denturists of British Columbia is of the opinion also, that this is a moot issue.

Regulation Amendment Status

The Council approved a "final version" of draft amendments of the Denturists Profession Regulation, which was provided by the government legislative drafters.

We remain awaiting the final acceptance of these amendments, by government.

Continued on next page

Alberta Provider Directory

We have undergone and have now completed the process of providing the Government with our daily registry of members; this via the ABPD (Alberta Provider Directory).

This is the registry required by the Government, of all healthcare providers in the province. The process is done automatically via our computer registration program. We have had many hiccups with this process, but it now appears to be functioning properly.

Infection Prevention & Control

Another large issue in the last year, has been that of Infection Prevention & Control (IP&C); this due to the issues surrounding the Vegreville Hospital matter. AH&W required all Colleges to respond to numerous questionnaires, and to develop manuals, protocols, policies, etc. to address IP&C. This continues process is ongoing.

To date, I have received and reviewed the following IP&C guidelines:

- *Canadian Dental Association*
- *Denturist Association of Canada*
- *Health Canada – Laboratory Centre for Disease Control*
- *Centre for Disease Control*
- *World Health Organization.*

At this point, I have initiated drafting an IP&C manual for the members, and will be soliciting input from several individuals prior to presenting it to Council for their review and consideration in the spring of 2008.

Registration & Renewal Process for 2007

The renewal process for 2007 Practice Permits and Intern Permits was completed with some issues such as failure to provide full legal name disclosure and some regulated members not having their required hours of continuing competency.

Regarding shortfalls in continuing competency, the College enters into an Undertaking Agreement with these individuals, whereby the regulated member executes a document which contains defined timelines for them to complete outstanding hours of continuing competency.

Continuing competency hours are met and exceeded by the mass majority of the regulated members.

The following chart provides the statistics of member registration for September 2002- December 2007.

Category of Registration	Year:	2002	2003	2004	2005	2006	2007
	Regulated Member	#	214	212	216	216	237
Intern Member	#	24	24	29	35	23	11
Associate Member	#	-	-	-	-	-	2
Honorary Member	#	0	0	0	0	0	0

The following graph provides the demographics of registrants with the College as at December 31, 2007.

Respectfully Submitted,

F. Charles Gulley, DD, F.C.A.D.
Registrar

L. Denturist Order of Merit

This award is presented annually as a way of recognizing past or present Alberta Denturists for their outstanding contribution to our profession. The first "Order of Merit" was presented in 2001 at Banff, in conjunction with the celebration of the 40th Anniversary of the Denturist Profession in Alberta.

In Alberta, there are a significant number of practitioners who have gone beyond the norm of just practicing our profession. Educators, mentors, lecturers, and leaders: those who have given up time from their practices and families to advance and assist the profession.

As well there are a great number of Members of this small profession, who have historically donated their time through volunteering to be on the Executive of the Alberta Denturist Society and the Board of Examiners for Certified Dental Mechanics.

Although these people are doing this work without seeking special recognition for their efforts, the College of Alberta Denturists feels it is appropriate for us to show our appreciation for their hard work, with the presentation of this prestigious Annual Award.

Members at large are invited to submit a Nomination Form to the College of Alberta Denturists office, for an individual they believe is deserving of this honor. The Committee responsible for this award takes in all nominations and votes for that year's recipient.

The award is presented at the Annual General Meeting of Members of the College of Alberta Denturists and the successful candidate is notified to attend the meeting to receive the award (if they are not already registered for the meeting). Whenever possible, the College of Alberta Denturists attempts to present the award as a "surprise" to the recipient.

The award winners name is placed onto a plaque which is currently displayed in the Denturist Clinic at the Northern Alberta Institute of Technology in Edmonton, and they are presented with an Award of Merit Trophy to keep.

This year's winner was Mr. Emil Boviz.; the College once again congratulates Mr. Boviz on receiving this prestigious award.

Order of Merit Award Winners

2001	Mr. Robert Richardson, DD, F.C.A.D.
2002	Mr. David Kerlake, DD, F.C.A.D.
2003	Mr. Walter Assmus, DD, F.C.A.D.
2004	Mr. Gerhard Guenther, DD, F.C.A.D.
2005	Mr. Shaun Yandt, DD, F.C.A.D.
2006	Mr. Raymond Hansen, DD, F.C.A.D.
2007	Mr. Emil Boviz, DD

M. Auditor's Report and Financial Statement

In 2007, pursuant to the College of Alberta Denturists Bylaws, the Council appointed an Auditor to provide the required Audited Financial Statements.

The Council appointed the firm of BDO Dunwoody LLP, Chartered Accountants and Advisors, to provide the Audit for 2007.

The following are the Audited Financial Statements for 2007 as prepared by BDO Dunwoody LLP, and as approved by the Council of the College.

Auditors' Report

To the Members of the College of Alberta Denturists

We have audited the statement of financial position of the College of Alberta Denturists (the "College") as at December 31, 2007 and the statements of changes in net assets, operations and cash flows for the year then ended. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the College as at December 31, 2007 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

College of Alberta Denturists Summary of Significant Accounting Policies

December 31, 2007

Authority and Purpose

The Alberta Denturist Society was continued under the Health Professions Act on September 1, 2002 as the College of Alberta Denturists. The College is registered as a not-for-profit organization under the Health Professions Act and, as such, is exempt from income taxes.

The mission of the College is to regulate the profession of denturism in Alberta and to strive to ensure that Albertans receive ethical, professional and safe denturist services.

Revenue Recognition

The College follows the deferral method of accounting for contributions. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Unrestricted investment income is recognized as revenue when earned.

Short-term Investments

Short-term investments are stated at the lower of cost and market value.

Capital Assets

Capital assets are stated at cost less accumulated amortization. Amortization based on the estimated useful life of the asset is calculated as follows:

Equipment	20% declining balance basis
Furniture and fixtures	20% declining balance basis
Computer equipment	30% declining balance basis
Computer software	30% declining balance basis
Website	20% straight line basis
Leasehold improvements	20% straight line basis

Discipline Surcharge Account

The discipline surcharge account is externally restricted by the College's members to be used for professional conduct costs incurred by the College.

Management Estimates

The preparation of financial statements in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

College of Alberta Denturists Summary of Significant Accounting Policies

December 31, 2007

Financial Instruments

The College as part of its operations carries a number of financial instruments. Unless otherwise noted, it is management's opinion that the College is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values unless otherwise noted.

Effective January 1, 2007, the College adopted the new CICA standards for accounting for financial instruments. Under these new standards, all financial instruments are classified as either held to maturity, loans and receivables, held for trading, available for sale or liabilities other than held for trading. Financial instruments are initially recorded at their fair value.

Assets available for sale and both assets and liabilities designated as held for trading are subsequently remeasured at fair value at each balance sheet date. All other financial assets and liabilities are carried at cost or amortized cost using the effective interest rate method where applicable.

The College has made the following classifications:

Cash	Held for trading
Short-term investments	Held to maturity
Accounts receivable	Loans and receivables
Accounts payable and accrued liabilities	Liabilities other than held for trading

The adoption of this standard had no impact on the comparative information.

**College of Alberta Denturists
Notes to Financial Statements**

December 31, 2007

1. Capital Assets

	2007		2006	
	Cost	Accumulated Amortization	Net Book Value	Net Book Value
Equipment	\$ 31,378	\$ 24,170	\$ 7,208	\$ 9,010
Furniture and fixtures	32,647	24,823	7,824	9,780
Computer equipment	16,688	10,537	6,151	3,289
Computer software	4,171	2,111	2,060	3,053
Website	22,460	8,984	13,476	17,968
Leasehold improvements	5,021	5,021	-	244
	\$ 112,365	\$ 75,646	\$ 36,719	\$ 43,344

During the year, the College received government assistance in the amount of \$9,434 with respect to the acquisition of computer software. This amount has been applied against the original cost of the software and the net balance is being amortized in accordance with the College's normal amortization policy.

2. Deferred Revenue

Deferred revenue consists of annual member dues for 2008 which have been invoiced prior to December 31, 2007.

3. Professional Conduct Expense

	2007		2006	
Legal Counsel - College	\$ 20,185	\$	44,386	\$
Complaints Director services	26,457		26,547	
Legal Counsel - Hearing Tribunal	-		20,156	
Hearing Tribunal	3,645		15,947	
Investigator expenses	27,673		11,173	
Recorder	2,013		5,941	
Registered mail/courier	5,074		5,258	
Witness	104		1,150	
	\$ 85,151	\$	130,558	\$

The above noted expenses do not include costs of the public members of the Hearing Tribunal as their expenses are remitted to and funded by Alberta Health and Wellness.

College of Alberta Denturists Notes to Financial Statements

December 31, 2007

4. Registrar Remuneration

Total remuneration, exclusive of GST, paid to the Registrar & Complaints Director in 2007 was \$110,334 (2006 - \$114,180). A portion of this is included in professional conduct expense and examination costs for financial statement purposes.

	<u>2007</u>		<u>2006</u>
Registrar remuneration (prior to taxes)	\$ 79,931	\$	85,158
Complaints Director duties	28,020		26,547
Examination duties	<u>2,383</u>		<u>2,475</u>
	<u>\$ 110,334</u>	\$	<u>114,180</u>

5. Committees

	<u>2007</u>		<u>2006</u>
Council	\$ 11,030	\$	13,438
Examination	22,118		7,297
Conference Planning	9,208		5,516
Registration	5,399		5,170
Fee Guide	3,895		1,199
Complaint Review	<u>2,923</u>		<u>1,426</u>
	<u>\$ 54,573</u>	\$	<u>34,046</u>

Committee costs include travel, meetings and per diems. The above noted expenses do not include costs of the public members of Council as their expenses are remitted to and funded by Alberta Health and Wellness.

6. Malpractice Insurance Fees

The College collects Malpractice Insurance fees from members which are paid to the insurance carrier on their behalf. The amount collected and paid in 2007 was \$31,752 (2006 - \$29,160). The amounts collected from the members and payments on the member's behalf relating to insurance have not been reflected in the financial statements as revenue or expenses.

**College of Alberta Denturists
Notes to Financial Statements**

December 31, 2007

7. Commitments

The College leases its premises for annual payments of \$11,047 plus operating costs until June 2012. The College also has operating lease agreements for its office equipment, expiring December 2008. Future annual payments for commitments are estimated as follows:

2008	\$	30,723
2009		28,164
2010		28,164
2011		28,164
2012		14,081
		<hr/>
	\$	129,296
		<hr/>
